Att: Mr. Norman Wallace

Dear Mr. Wallace,

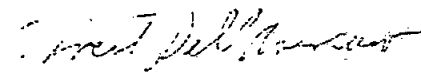

I am writing this letter as per your request during our conversation on Wednesday, January 7, 1975 giving you a written quote on the cost of dumping in the Delaware Sand & Gravel Company Landfill.

Delaware Sand & Gravel will handle the trash that you would deliver to our Landfill site for the amount of \$18.00 per truck load. As I told you during our telephone conversation, our Landfill facility is open seven days a week, fifty-two weeks of the year, the hours being twenty-four hours around the clock. Your company would be billed on a monthly basis with the amount due by the fifteenth of the following month.

If you decide that our price is in agreement with what you feel is a fair cost for the use of our facility and you do decide to dump in our Landfill, please contact our office at the above number, area code 302.

Sincerely hope that we may be able to do business together in the near future.

Cordially yours,

Vincent DellaVersano
President
